3. Mayoral Speech

BUDGET – 2014/15

BUDGET SPEECH BY THE EXECUTIVE MAYOR

Speaker, Deputy Mayor, Councillors, Municipal Manager, Personnel, member of the media and the public:

Thank you for the opportunity to present this Budget to you. We are all aware of the world-wide economic crisis as well as the social and economic challenges facing our own region. National guidelines require improved yet affordable service delivery with limited tariff increases. Given Eskom's proposed 12.49% increase and rating system, and the need for skilled and capable personnel to ensure effective service delivery, this budget represents a continuation of the past year's enormous challenges which will require the dedicated co-operation and support of the whole community – residents as well as employees – if we are to succeed.

Kannaland's budget for 2015/16 reflects the effect of the recent worldwide economic tendencies of reducing revenues and increasing costs. Our focus is thus on stabilising our service delivery capacity, limiting tariff increases to the lowest practicable levels, attending to infrastructure maintenance and the protection of the poor.

Council's approved Integrated Development Plan is the guiding framework for the 2015/16 budget. The allocation of funds in the proposed budget is intended to enable Council to meet its strategic objectives, namely:

- To Provide access to reliable infrastructure that will contribute to a higher quality of life for Kannaland's citizens
- To Provide adequate Services and improve our Public relations
- To strive towards a safe community in Kannaland through the proactive management of traffic, environmental health, fire and disaster risks
- To Facilitate Economic Growth and Social and Community development
- To Promote efficient and effective Governance with high levels of stakeholder participation
- To Provide an efficient workforce by aligning our institutional arrangements to our overall strategy
- To Strive towards a financially sustainable municipality.

Kannaland still faces insurmountable challenges with regard to service delivery and infrastructure. One of the most important aspects is the establishment of sustainable institutional capacity to ensure cost-effective service delivery. We will strive for

further successes in addressing administrative challenges which include, among others, improving the payment ratio for municipal services, establishment of a skilled management corps, restructuring Council's service delivery units, continued personnel empowerment and greater attention to matters of governance and compliance. The community recognises the improvements of the past year, but demands further improvements in the coming year. The 2015/16 Budget underlines the ever-increasing need to build service delivery capacity.

National guidelines continue to focus on the protection of the poor. The established practice of indigent support will continue. Poverty alleviation is one of Kannaland's top priorities, resulting in the 2015/16 Budget provision for sustained free basic services to indigent households. The provision of free water to the indigent forms part of our strategy to shelter the poor. The current norm of 6kl per indigent household per month remains of effect. Given the unfavourable economic conditions and the natural scarcity of water, we are compelled to consider stricter control measures to preserve our available water resources, including the restriction of free basic water to indigent households only. The existing electricity allowance of 50kWh free electricity for indigent households will continue.

Indigent support includes subsidising basic charges as well as refuse removal and sewage. The exemption level on property rates reverts to R15,000 per residential property, with further relief for indigent and meritorious cases to be considered per application. All households with a monthly income of less than R3 000 per month qualify for indigent support. Residents are encouraged to apply for their rightful benefits.

Service delivery requirements compel Council to raise tariffs for 2015/16 as follows:

- Electricity: [11% - 12.49%] - National Treasury's instruction is based on Eskom's tariff increase. Implementation of the new tariffs is subject to approval by the National Electricity Regulator.
- Water: Tariffs increase by 6% based on scales approved last year.
- Sewage & Refuse Removal: Tariffs increase by 6% based on scales approved last year.
- General tariffs are limited to a maximum 6% increase.
- Property Rates: The market-based valuation roll and legislated tariff ratios have been fully implemented and are set to increase by 6% on the previous years' rate.

The Revenue Budget for 2015/16 amounts to R 152m, including State contributions of R64m, of which R 36m is set aside for capital expenditure. Once again we call on all communities of Kannaland to pay their municipal accounts on time to enable us to realise these revenues which are necessary to provide and improve service delivery.

Council is grateful to those who support us in this regard, while we are aware of parts of the community where a poor payment culture still exists. Stricter credit control measures will have to be applied as a necessity if we do not get the desired co-operation.

The Expenditure Budget amounts to R125m, with the greatest challenge being on the general reduction of expenditures. I wish to commend management for their continued efforts – but also wish to draw their attention to the great challenges awaiting us.

The Capital Budget has been compiled in accordance with the available funds and guidelines prescribed by National Government. Priorities identified by Ward Committees still guide the IDP, which objectives can only be met with proper funding.. While the municipality still has limited capacity to finance capital projects from own resources, we shall continue to approach all possible institutions for additional capital funding. The proposed capital budget for 2015/16 contains projects financed from grant funding and Internally generated funds.

We express our sincere gratitude to the National and Provincial Governments for their assistance. We assure you however that we shall continue to pursue every possible source in our efforts to gain additional funding for the capital programme.

Community participation in the budget process was by ward community meetings on a ward basis. The provisional budget was tabled in Council on 31 March 2015 but was referred back to Administration. The provisional budget was then tabled in Council on 22 April 2015 and then made available for public comment. Inputs were considered as far as possible in finalising this Budget.

I call on our communities, organisations, councillors and personnel to stand together in a greater effort to carry Kannaland through these difficult times and, despite the dark future presented by our economists, to come through stronger with the knowledge that we have the heart and perseverance necessary to face and overcome these challenges.

My sincere thanks to my Councillors, ward committees, interested organisations and the broader community for their contributions to this Budget. A special word of thanks to the Municipal Manager and his team who compiled this Budget under difficult circumstances.

Speaker, it is both my duty and my privilege to present the 2015/16 Medium Term Budget to you for discussion and consideration by Council.

I thank you!

4. Budget Related Resolutions

The MFMA stipulates that the Mayor must table the annual budget at a council meeting at least 30 days before the start of the budget year and the Mayor must take all reasonable steps to ensure that the municipality approves its annual budget before the start of the budget year.

The following resolutions were taken by Council with the approval of the 2015/16 Budget on the 22 April 2015

- That Council approves the 2015/16 Review of the Integrated Development Plan (IDP).
- That Council approves the Annual Budget of the Municipality for the financial year 2015/16 and indicative for the two projected outer years, 2016/17 and 2017/18, and the multi-year and single year capital appropriations as set out in the following schedules, after consideration of all public comments:
- Budgeted Financial Performance (revenue and expenditure by standard classification) reflected in Section 7.2.
- Budgeted Financial Performance (revenue and expenditure by municipal vote) as reflected in Section 7.3.
- Multi-year and single year capital appropriations by municipal vote and standard classification and associated funding by source as reflected in Section 7.5.
- That Council approves the property rates reflected in the 2015/16 Tariff list (Annexure A) and any other municipal tax reflected in the 2015/16 Tariff list are imposed for the budget year 2015/16.
- That Council approves the tariffs and charges, subsidies and discounts as reflected in the 2015/16 Tariff list (Annexure A) for the budget year 2015/16.
- That Council approves the measurable performance objectives for revenue from each source and for each vote reflected in Section 8.13 of this document for the budget year 2015/16.
- That Council approves the amended budget related policies reflected in Annexure B for the budget year 2015/16.
- That all the above-mentioned documentation be amended to include all the amendments approved by Council from the public/departmental comments, objections and recommendations.

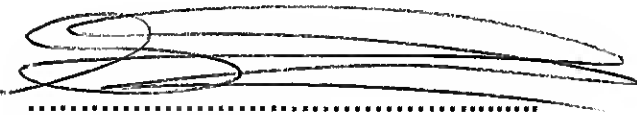

5. Municipal Managers Quality Certificate

I, Mr M Hoogbaard, Municipal Manager of Kannaland Municipality, hereby certify that the Annual budget (2015/16 – 17/18) and supporting documentation have been prepared in accordance with the Municipal Finance Management Act and the regulations made under the Act, and that the annual budget and supporting documents are consistent with the Integrated Development Plan of the municipality.

6. Executive Summary

The main objective of a municipal budget is to allocate realistically expected resources to the service delivery goals or performance objectives identified as priorities in the approved Integrated Development Plan.

The budget was made possible through consultation with the local community, the relevant government departments and the internal departments of the Municipality to ensure that the priorities are properly aligned and addressed.

The 2015 Budget Review notes that spending plans outlined in the 2015 Budget continue to support government's commitment to broadening service delivery and expanding investment in infrastructure, while taking account of the constrained fiscal environment.

National Treasury also reminded Municipalities that the economic outlook is, however constrained by a difficult global environment and domestic restructuring. When framing the budget, this had a direct impact on the budget as the trends in income growth statistics are still very low, indigent and poor households are growing and property markets not re-acting to the low interest rates.

Consequently, municipal revenues and cash flows are expected to remain under pressure in 2015/16 and municipalities are again reminded to adopt a conservative approach when projecting expected revenues and cash receipts.

National Treasury also urged municipalities to pay particular attention to the affordability of tariff increases especially on main services, managing all revenue and expenditure and cash streams effectively and carefully evaluation all spending decisions.

It is with this in mind that Kannaland Municipality has only increased its tariffs on main services with an average of 6 per cent for the 2015/16 budget period.

FINANCIAL SUMMARY ON 2015/16 MTREF BUDGET

The total 2015/16 budget amounts to R 155 897 360. This consists of a capital of R 30 544 900 or 19.59 % of the total budget and an operating budget of R 125 352 460 or 80.41% of the total budget.

The following graph shows the operating and capital budgeted figures for the 2015/16 to 2017/18 financial years.

CAPITAL BUDGET

The following table gives a breakdown of the sources of finance of the 3-year capital budget from 2015/16 to 2017/18.

8. SUPPORTING DOCUMENTATION

8.1 Budget process overview

POLITICAL OVERSIGHT OF THE BUDGET PROCESS

Section 53 (1) (a) of the MFMA (no 56 of 2003) stipulates that the Mayor of a municipality must provide general political guidance over the budget process and the priorities that must guide the preparation of a budget.

Political oversight of the budget process is necessary to ensure that the needs and priorities of the community, as set out in the IDP, are properly linked to the municipality's spending plans. The mayoral committee is one of the key elements in accomplishing the linkage between the IDP and the Budget of a municipality.

SCHEDULE OF KEY DEADLINES RELATING TO THE BUDGET PROCESS

The mayor must, according to the MFMA, co-ordinate the processes for preparing the annual budget and for reviewing the municipality's IDP and budget-related policies.

PURPOSE OF THE BUDGET AND IDP PROCESS PLAN

The purpose of the process plan is to indicate the various planned activities and strategies on which the municipality will embark to compose its Integrated Development Plan for the five year cycle (2012/2013-2016/2017) and the budget for the 2015/2016 financial year and the two outer years. The process plan enhances integration and alignment between the IDP and the Budget, thereby ensuring the development of an IDP-based budget. It fulfils the role of an operational framework for the IDP and Budget process outlining the manner in which this process was undertaken. In addition, it identifies the activities in the processes around the key statutory annual operational processes of the budget and IDP compilation, performance management implementation and the adoption of the municipality's annual report.

8.4 Overview of Budget Assumptions

➤ Expenditure

✓ **General Expenditure**

Legal fees – It should be noted that only R 1 022 420 are budgeted for Legal fees and expenditure relating to this cost should be minimized.

Audit fee – R2 120 000 have been included

Tourism & Community Events – Provision of R 1 704 000 have been made available, which include contributions the two Tourism Boards , Eden FM and internal & external festivals .

Subsistence & Travel expenses – An Amount of R 582 690 have been budgeted for.

✓ **Salaries**

A salary increase of 5.8 % have been provided for but might have to be adjusted after Salary negotiations have been finalised. This will be implemented from 01 July 2015 and it is budgeted accordingly.

The following is included in Employee Cost:

- Overtime ,
- Standby,
- Bonuses,
- Car Allowances,
- Acting Allowances

✓ **Repairs and Maintenance**

Repairs and Maintenance should be 10% of operating expenditure, but Kannaland is currently at 2.76%.

• Repairs and maintenance regarding water services increased from R 902 060 for the 2014/15 Adjustment budget to R 946 190 in the 2015/16 budget year.

• Repairs and maintenance regarding electricity services decreased from R 367 640 in the 2014/154 budget year to R 337 190 in the 2015/16 budget year.

- Repairs and maintenance regarding refuse services decreased from R 331 500 to R 321 410 in the 2015/16 budget year.
- Repairs and maintenance regarding sanitation services decreased from R 544 060 in the 2014/15 budget year to R 534 060 in the 2015/16 budget year.

✓ **Bulk Purchases**

Bulk purchases increased from R 25 900 870 for the 2014/15 budget year to R 26 492 730 for the 2015/16 budget year. This increase relates to the increases of the Eskom electricity tariffs that will be implemented from the 1st of July 2014.

An Adjustment also had to be made to the loss of income from Ladismith Chees (fire).

➤ **Revenue**

✓ **Grants**

It is assumed that the National and Provincial grants as per Division of Revenue Act (DORA) and Government Gazette 7235 which has been included in the budget will be received during the 2015/16 financial year. Grant Income for 2015/16 amounts to R64 564 000.

✓ **Fines**

Income from fines are expected to increase during the 2015/16 financial year and therefor an amount of R 3 500 000 has been budgeted for.
